

Using Zoom with the Doc Cam

Control Panel Connected Classrooms

1. Sign in to the podium computer using your **SDSUid**. (Note: The first time you log in may take up to a minute to load. Future logins will be quicker.)
2. Launch the **Zoom** application, and **sign in with SSO using your SDSUid**. The Zoom domain is **sdsu.zoom.us**.

3. Zoom Audio and Video Settings:

- a. Set **Microphone** to Blackmagic Web Presenter
- b. Set **Speaker** to ExtronScaler
- c. Set **Camera** to Blackmagic Web Presenter

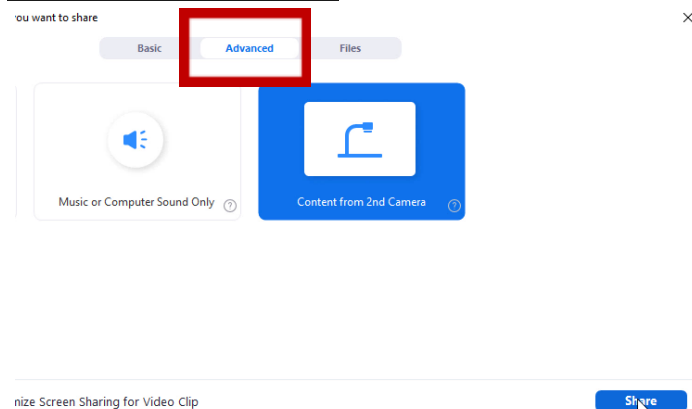

4. **Record to the cloud** if you would like to share with your students via Canvas/Blackboard.

5. Sharing the Doc Cam:

- a. Click Zoom's green **Share Screen** button
- b. Click on the **Advanced** tab
- c. Select **Content from 2nd Camera** and click **Share**
- d. Use the classroom's **Control Panel** to adjust doc cam settings, such as zoom in and out.

NOTE: Mac Users will need to click on Doc Cam again on the podium's Control Panel to then adjust zoom in and out. PC users can automatically adjust zoom in and out on the Control Panel.
