Using Zoom with the Doc Cam

Touchlink Connected Classrooms

1. Sign in to the podium computer using your **SDSUid**. *(Note: The first time you log in may take up to a minute to load. Future logins will be quicker.)*

2. Launch the **Zoom** application, and sign in with SSO using your **SDSUid** as well. The Zoom domain is **sdsu.zoom.us**.

3. **Zoom Audio and Video Settings:**
   a. Set **Microphone** to Line In (USB Capture SDI+ Line in) or (COLLABORATE Versa USB) depending on your room’s hardware
   b. Set **Speaker** to Extron HDMI
   c. Set **Camera** to USB Capture SDI 4K+

4. **Record to the cloud** if you would like to share with your students via Canvas/Blackboard.

5. **Sharing the Doc Cam:**
   a. Click Zoom’s green **Share Screen** button
   b. Click on the **Advanced** tab
   c. Select **Content from 2nd Camera** and click **Share**
   d. Use the **TouchLink panel** to adjust doc cam settings, such as zoom in and out
