Celebrating the achievements of SDSU student research, scholarship and creative activity

On behalf of the University Research Council’s Student Research Committee, we are pleased to announce the 11th Annual SDSU Student Research Symposium and invite all SDSU students to participate in this exciting event. The Student Research Symposium is a two-day event recognizing the outstanding scholarly accomplishments of SDSU students. The SRS provides a public forum where SDSU students present their research, scholarship or creative activities.

All SDSU students are encouraged to submit an application to present either preliminary, ongoing or completed projects from their original research or creative activity. Presentations, whether oral, poster, exhibit or performance, are organized by academic disciplines with divisions for undergraduate, master’s and doctoral students. Ten Presidential Awards ($500) will be made to recognize outstanding achievement in original scholarship. These graduate and undergraduate students will go on to represent SDSU at the CSU Student Research Competition in May 2018. In total, over 60 cash awards will be given in recognition of outstanding presentations or performance during SRS 2018.
